

## FEATURES

### ARGB Fan

MPG D160 ARGB features 16 addressable RGB LEDs that show MPG spirits and make it flawless from all possible angles.

### Mystic Light Sync

Set up the vibe in your way! Each fan is divided into 3 zones to control lighting effects and colors individually via the Mystic Light utility

### Dual Ring Blade Design

Dual-layer blades create a concentrated airflow for better heat dissipation, while interconnected fan blades enhance rigidity and reduce vibration.

### Manual Fan Speed Control

Three manual speed modes let users adjust max voltage for ideal cooling—max airflow, minimal noise, or balance.

### Fluid Dynamic Bearing

The exclusive Fluid Dynamic Bearing reduces noise and enhances durability with an additional nut-fixing structure.
